

### SEETECH: iHUNTER 2.0 (Currency Discriminator, 2-Pocket)

The SEETECH Brand of Currency Counters are the most intelligent and reliable banknote counters which use image processing technology to recognize banknotes and to discriminate denominations. Having 2-pockets, a stacker and a reject pocket, allows it to count and off-sort without stopping. Operators can now perform daily cash-processing jobs without any interruption. When counting, suspect banknotes and unrecognizable banknotes automatically divert to the reject pocket assuring the operator continuous operation.

With its modern design, full color graphic LCD Screen and user-friendly interface, the iHUNTER 2.0 provides every operator with a more comfortable and efficient working environment.
