The screenshot displays the KISAN SERIAL NUMBER COLLECT SERVICE software interface. The main window shows a 'Data View' table with columns: No, Date/Time, Machine SN, Site Name, Currency, Denom, Serial No, Fitness Result, and Err. A 'Save' dialog box is open, allowing users to save recent data or search data. The search data section includes filters for Date (2021-03-25), Machine SN, Serial No, Currency, Denom, and Site Name (Tokyo). There are 'Text Save' and 'Excel Save' buttons for both sections. The right sidebar shows 'Server State' logs, 'Site Names' (Seoul), and 'Data Information' (DS96011189).
